CONFERENCE
GRONINGEN
10-13 JUNE 2018

CALL FOR PAPERS

41st IAEE conference 10-13 June 2018,
Groningen, The Netherlands

Transforming Energy Markets

Abstract submission deadline: 8 January 2018

www.iaee2018.com

TRANSFORMING ENERGY MARKETS

The BAEE, the IAEE, the Energy Academy Europe and the University of Groningen have the pleasure to invite you to attend the 41st IAEE international conference that will be held in **Groningen, the Netherlands on 10-13 June 2018**.

Energy markets are rapidly changing. Renewable sources of energy are replacing conventional ones. Markets become more internationally integrated, but also more locally oriented. Market players are reinventing their roles: incumbent producers are looking for new strategies, while energy consumers are becoming producers as well. Market rules need to be reconsidered, just as the energy policies of governments at local, national and international level. Energy markets need to be conducive to innovation and flexible solutions, but also to provide incentives for investments, while performing the usual balancing act between security, environment and affordability.

We invite you to be part of this transformation process by providing a meeting platform. Join the round table discussions, present your paper, attend the plenary sessions with world-renowned speakers and enjoy the hospitality of the lively city of Groningen.

CONCURRENT SESSION ABSTRACT FORMAT

The abstract must be no more than two pages in length and must include an overview of the topic including its background and potential significance, methodology, results, conclusions and references (if any).

Please visit www.iaee2018.com/call-for-papers to download an abstract template. All abstracts must

conform to the format structure outlined in the template. Abstracts must be submitted online by visiting: <http://iaee2018.com/call-for-papers>

PRESENTER ATTENDANCE AT THE CONFERENCE

The abstract cut-off date is January 8, 2018. At least one author of an accepted paper or poster must pay the registration fees and attend the conference to present the paper or poster. The corresponding author submitting the abstract must provide complete contact details—mailing address, phone, fax, e-mail, etc. Authors will be notified by February 23, 2018, of the status of their presentation or poster.

Authors whose abstracts are accepted will have until April 9, 2018, to submit their final papers or posters for publication in the online conference proceedings. While multiple submissions by individuals or groups of authors are welcome, the abstract selection process will seek to ensure as broad participation as possible: each author may present only one paper or one poster in the conference. No author should submit more than one abstract as its single author. If multiple submissions are accepted, then a different author will be required to pay the registration fee and present each paper or poster. Otherwise, authors will be contacted and asked to drop one or more paper(s) or poster(s) for presentation.

CONFERENCE TOPICS

- **Oil and Gas markets:** Carbon capture, Pipelines, Strategic trade
- **Electricity Markets:** Capacity markets, Flexibility, Storage, Intra-day markets, Cross-border effects
- **Energy Demand:** Demand elasticity, Energy efficiency, Behavioral economics, Fuel poverty
- **Climate Change:** Emission Trading, Promoting Renewable energy, Cross-border adjustments
- **Energy and Macroeconomics:** International trade, Innovation, Growth
- **System Integration:** Interaction of different energy sources, Heating, Sector coupling
- **Energy and Finance:** Climate risks, Financial markets, Investments, Hedging, Funding of RES, Insurance markets
- **Country Studies:** Energy transition, General lessons
- **Energy Policy:** Law and economics, Network regulation, International institutions
- **Disruptive Innovation:** Business models, Technological change
- **Local Governments:** Consumers collectives, District heading, Land-use
- **Energy and Transportation:** Electrification, Hydrogen, Biofuels

AND ALSO...

- Pre-conference doctoral seminar with top lecturers on 8 and 9 June
- Master classes on publishing, presenting and solving an energy business case on 10 Jun
- Technical tours to Groningen gas fields and Groningen Seaports
- Social programme including an excursion to the World Heritage Wadden Sea
- Gala dinner at the 16th century Martini Church

CONCURRENT SESSIONS Methods

- Econometric studies (time series, cross-sections)
- Field experiments, lab experiments
- Surveys, conjoint analysis
- Techno-economic bottom-up models
- General equilibrium, macro models
- Game-theoretical methods
- Simulations (e.g. agent based models)
- Interdisciplinary research (e.g. law and economics, political economy)
- Business cases / case studies

Those interested in organizing a concurrent session should propose a topic and 4 possible speakers to info@iaee2018.com. The abstracts proposed for the special session should be submitted, following the general submission rules within the deadline 8 January 2018.

Deadline abstracts: 8 January 2018
Notification of acceptance: 23 February 2018
Doctoral Seminar: 8 and 9 June 2018
Conference dates: 10-13 June 2018

Location: Groningen, the Netherlands
Contact: info@iaee2018.com
